MANAGEMENT INFORMATION CIRCULAR
(Containing information as at June 9, 2021 unless indicated otherwise)

SOLICITATION OF PROXIES

The management of the Corporation solicits proxies to be used at the annual meeting of shareholders (the “Meeting”) of the Corporation to be held solely by means of remote communication, rather than in person at the time and for the purposes set forth in the attached Notice of Meeting and at any adjournment thereof. The cost of this solicitation will be borne by the Corporation. Accordingly, the management of the Corporation has drafted this information circular (the “Circular”) that it is sending to all the security holders entitled to receive a Notice of Meeting.

If you cannot attend the Meeting, complete and return the enclosed form of proxy to the Registrar and Transfer Agent of the Corporation, Computershare Investor Services Inc. (“**Computershare**”), 100, University Street, 8th Floor, Toronto, Ontario, M5J 2Y1, not less than forty-eight (48) hours (excluding Saturdays, Sundays and Holidays) before the time fixed for the Meeting.

APPOINTMENT OF PROXYHOLDER AND RIGHT OF REVOCATION OF PROXIES

The persons named in the enclosed form of proxy are directors and officers of the Corporation. **A shareholder has the right to appoint as his or her proxy a person, who need not be a shareholder, other than those whose names are printed on the accompanying form of proxy. A shareholder wishing to appoint some other person to represent him or her at the Meeting may do so either by inserting such other person’s name in the blank space provided in the form of proxy and signing the form of proxy or by completing and signing another proper form of proxy.**

A shareholder may revoke a proxy at any time by an instrument in writing executed by him or, if the shareholder is a Corporation, under its corporate seal or by an officer or attorney thereof duly authorized in writing, and filed at the offices of Computershare, at the same address and within the same delays as mentioned above, or two (2) business days preceding the date the Meeting resumes if it is adjourned, or transmitted to the chairman of such Meeting on the day of the Meeting or any adjournment thereof.

EXERCISE OF DISCRETION BY PROXIES

The management undertakes to respect the holder’s instructions.

In the absence of any indication, the agent will exercise the right to vote in favour of each question defined on the form of proxy, in the notice of meeting or in the Circular.

Unless otherwise specified herein, all resolutions will be adopted by a simple majority of the votes represented at the Meeting.

Management does not know and cannot foresee at the present time any amendments or new points to be brought before the Meeting. If such amendments or new points were to be brought before the Meeting, the persons named in the enclosed form of proxy will vote on such matters in the way they consider advisable.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

The authorized capital stock of the Corporation consists of an unlimited number of common shares without par value. As at the date hereof, there were 63,054,715 common shares of the Corporation issued and outstanding. Each common share of the Corporation confers upon its holder the right to one vote.

The Board of directors of the Corporation (the “**Board**”) fixed the close of business on June 9, 2021 as the record date for determining which shareholders shall be entitled to receive notice of the Meeting, but failure to receive such notice does not deprive a shareholder of his right to vote at the Meeting.

As of June 9, 2021, to the knowledge of the Corporation’s directors and executive officers, the only person beneficially owning, controlling or directing, directly or indirectly, 10% or more of the number of common shares of the Corporation issued and outstanding is:

Name	Nature of Holding	Number of Shares	Percentage of Issued Shares
Barkerville Gold Mines Ltd., a subsidiary of Osisko Development Corp.	Direct	6,928,572 ⁽¹⁾	10.99%

(1) This information is derived from the insider report filed on the System for Electronic Disclosure by Insiders (SEDI).

NON-REGISTERED SHAREHOLDERS

Only registered shareholders or the persons they appoint as their proxies are permitted to vote at the Meeting. However, in many cases, shares beneficially owned by a person are not registered in his or her name but are held in the name of an intermediary, which is usually a security broker, a trust corporation or other financial institutions, or in the name of a clearing agency (such as the CDS Clearing and Depository Services Inc.) of which the intermediary is a participant. In accordance with National Instrument 54-101 of the Canadian Securities Administrators - *Communication with Beneficial Owners of Securities of a Reporting Issuer*, the Corporation has distributed copies of the Notice of Meeting and the Circular (collectively the “**Meeting Materials**”) to the intermediaries which are required to forward the Meeting Materials to non-registered holders unless the non-registered holders have waived the right to receive them. Intermediaries very often call on service companies to forward the Meeting Materials to non-registered holders. **Each intermediary has its own signing and return instructions, which a non-registered shareholder should follow carefully to ensure that his or her shares are voted.** The form of proxy supplied to a non-registered shareholder by its broker is similar to the form of proxy provided by the Corporation to the registered shareholder. However, its purpose is limited to instructing the registered shareholder (the broker or agent of the broker) how to vote on behalf of the non-registered shareholder.

Should a non-registered holder who receives a voting instruction form wish to vote at the Meeting (or have another person attend and vote on behalf of the non-registered holder), the non-registered holder should print his or her own name, or that of such other person, on the voting instruction form and return it to the intermediary or its service corporation. Should a non-registered holder who receives a proxy form wish to vote at the Meeting (or have another person attend and vote on behalf of the non-registered holder), the non-registered holder should strike out the names of the persons set out in the proxy form and insert the name of the non-registered holder or such other person in the blank space provided and submit it to Computershare at the address set out above.

A non-registered holder may revoke voting instructions which have been given to an intermediary at any time by written notice to the intermediary.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

To the knowledge of the Management of the Corporation, unless otherwise disclosed in this Circular, as at the date hereof, no person has an interest in any matter to be acted upon.

Stock Option Plan and Other Incentive Plans

The Corporation has adopted an incentive stock option plan (the "Stock Option Plan"). The purpose of the Stock Option Plan is to attract and motivate the directors, officers and employees of the Corporation,

employees of any management company and consultants to the Corporation (collectively the “**Optionees**”) and thereby advance the Corporation’s interests by providing them an opportunity to acquire an equity interest in the Corporation through the exercise of stock options granted to them under the Stock Option Plan.

Pursuant to the Stock Option Plan, the Board may grant options to Optionees in consideration of them providing their services to the Corporation or a subsidiary. The number of shares subject to each option is determined by the Board within the guidelines established by the Stock Option Plan. The options enable the Optionees to purchase shares of the Corporation at a price fixed pursuant to such guidelines. The options are exercisable by the Optionee giving the Corporation notice and payment of the exercise price for the number of shares to be acquired.

The Stock Option Plan authorizes the Board to grant stock options to the Optionees on the following terms:

- (a) The number of shares subject to issuance pursuant to outstanding options, in the aggregate, cannot exceed 10% of the Corporation’s issued shares.
- (b) The number of shares subject to issuance upon the exercise of options granted under the Stock Option Plan by one Optionee or all Optionees providing investor relations services is subject to the following limitations:
 - (i) no Optionee can be granted options during a 12-month period to purchase more than:
 - A. 5% of the issued shares of the Corporation unless disinterested shareholder approval has been obtained, or
 - B. 2% of the issued shares of the Corporation, if the Optionee is a consultant, and
 - (ii) the aggregate number of shares subject to options held by all Optionees providing investor relations services cannot exceed 2% in the aggregate.
- (c) Unless the Stock Option Plan has been approved by disinterested shareholders, options granted under the Stock Option Plan, together with all of the Corporation’s previously established and outstanding stock options, stock option plans, employee stock purchase plans or any other compensation or incentive mechanisms involving the issuance or potential issuance of its shares, shall not result, at any time, in:
 - (i) the number of shares reserved for issuance pursuant to stock options granted to insiders exceeding 10% of the shares outstanding at the time of granting,
 - (ii) the grant to insiders as a group, within a one year period, of options to purchase that number of shares exceeding 10% of the outstanding shares, or
 - (iii) the issuance to any one insider and such insider’s associates, within a one year period, of shares totalling in excess of 5% of the outstanding shares.
- (d) The exercise price of the options cannot be set at less than the closing trading price of the Corporation’s shares on the day before the granting of the stock options.
- (e) The options may be exercisable for up to ten (10) years.
- (f) There are not any vesting requirements unless the Optionee is a consultant providing investor relations services to the Corporation, in which case the options must vest over at least 12 months with no more than one-quarter vesting in any three-month period. However, the Board may impose additional vesting requirements and, subject to obtaining any required approval from the Exchange, may authorize all unvested options to vest immediately. If there is a “change of control” of the Corporation (due to a take-over bid being made for the Corporation or similar events), all

unvested options, subject to obtaining any required approval from the Exchange, shall vest immediately.

- (g) The options can only be exercised by the Optionee (to the extent they have already vested) for so long as the Optionee is a director, officer or employee of, or consultant to, the Corporation or any subsidiary or is an employee of the Corporation's management corporation and within a period thereafter not exceeding the earlier of:
- (i) the original expiry date;
 - (ii) 90 days after ceasing to be a director, officer or employee of, or consultant to, the Corporation at the request of the Board or for the benefit of another director or officer; and
 - (iii) if the Optionee dies, within one (1) year from the Optionee's death.

If the Optionee is terminated "for cause", involuntarily removed or resigns (other than at the request of the Board or for the benefit of another director or officer) from any of such positions the option will terminate concurrently.

- (h) The options are not assignable except to a wholly-owned holding company.
- (i) Disinterested shareholder approval must be obtained prior to the reduction of the exercise price of options granted to insiders of the Corporation.

Any amendments to the Stock Option Plan or outstanding stock options are subject to the approval of the Exchange and, if required by the Exchange, of the shareholders of the Corporation, possibly with only "disinterested shareholders" being entitled to vote. The amendment to an outstanding stock option will also require the consent of the Optionee.

Employment, Consulting and Management Agreements with the Named Executive Officers

Pursuant to an employment agreement dated June 22, 2017, the Corporation retained Mr. François Goulet as its President and Chief Executive Officer. As at January 31, 2021, Mr. Goulet's annual base salary was \$175,000. Should Mr. Goulet's employment be terminated by the Corporation without cause, Mr. Goulet will be entitled to receive a severance payment, by way of a lump sum, equal to his base salary for the 12 months. In the event of a "change of control" resulting in the following 12 months in the loss of employment of Mr. Goulet or his resignation due to a "unilateral change of his employment conditions", the Corporation shall pay Mr. Goulet a severance payment equal to 18 months of his base salary, which shall be paid by the Corporation at the time of termination by way of a lump sum.

Oversight and Description of Director and Named Executive Officer Compensation

The Compensation and Governance Committee of the Corporation has the responsibility to recommend to the Board of Directors a compensation policy consistent with the Corporation's business plan, strategies and objectives.

The objectives of the Corporation's executive compensation program are as follows:

- to attract, retain and motivate talented executives who create and sustain the Corporation's continued success;
- to align the interests of the Corporation's executives with the interests of the Corporation's shareholders; and
- to provide total compensation to executives that is competitive with that paid by other companies of comparable size engaged in similar business in appropriate regions.

Overall, the executive compensation program aims to design executive compensation packages that meet executive compensation packages for executives with similar talents, qualifications and responsibilities at companies with similar financial, operating and industrial characteristics. The Corporation is a mining exploration corporation and will not be generating significant revenues from operations for a significant period of time. As a result, the use of traditional performance standards, such as corporate profitability, is not considered by the Corporation to be appropriate in the evaluation of the performance of the executive officers.

Elements of Compensation Program

The executive compensation program consists of a combination of base salary and stock option incentives and, where circumstances warrant, annual cash bonuses.

The base salary of a NEO is intended to attract and retain executives by providing a reasonable amount of non-contingent remuneration.

Stock options are generally awarded to NEOs on an annual basis based on performance measured against set objectives. The granting of stock options upon hire aligns NEOs' rewards with an increase in shareholder value over the long term. The use of stock options encourages and rewards performance by aligning an increase in each NEO's compensation with increases in the Corporation's performance and in the value of the shareholders' investments.

The payment, from time to time, of annual cash bonuses is a short-term incentive for the NEOs of the Corporation and is intended to stimulate the achievement of performance objectives by each NEO. Compensation in the form of bonuses is a common practice for public companies. The payment of a bonus is a good way to remain competitive with other mining companies that pay similar compensation. Competition for high-level senior executives in the mining sector is strong, making it necessary, where appropriate, to provide bonus compensation.

Determination of the Amount of Each Element of the Executive Compensation Program

Compensation and Governance Committee

Compensation of the NEOs of the Corporation, other than the CEO, is reviewed annually by the CEO, who makes recommendations to the Compensation and Governance Committee. The Compensation and Governance Committee reviews the recommendations of the CEO and makes its own recommendations to the Board, which approves the compensation of the NEOs based on the recommendations of the Compensation and Governance Committee. Compensation for the CEO is reviewed annually by the Compensation and Governance Committee, which then makes recommendations to the Board. The Board approves the base salary of each NEO based on the recommendations of the Compensation and Governance Committee.

During the most recently completed financial year, the members of the Compensation and Governance Committee were Frank Mariage, President of the Committee, Jean-Pierre Janson and Sylvie Prud'homme.

Base Salary and Bonuses

The base salary (and, as the case may be, bonuses) review of each NEO takes into consideration the current competitive market conditions, experience, proven or expected performance, and the particular skills of the NEO. Base salary and bonuses are not evaluated against a formal "peer group". The Compensation and Succession Committee relies on the general experience of its members in setting base salary and bonuses amounts.

Stock Options

The Corporation has established a formal plan (the “Plan”) under which stock options are granted to directors, officers, employees and consultants as an incentive to serve the Corporation in attaining its goal of improved shareholder value. The Board, based on recommendations of the Compensation and Governance Committee where appropriate, determines which NEOs (and other persons) are entitled to participate in the Plan, determines the number of options granted to such individuals and determines the date on which each option is granted and the corresponding exercise price.

The Board makes these determinations subject to the provisions of the existing Plan and, where applicable, the policies of the TSX Venture Exchange (the “Exchange”).

Link to Overall Compensation Objectives

Each element of the executive compensation program has been designed to meet one or more objectives of the overall program.

The fixed base salary of each NEO, combined with the granting of stock options, has been designed to provide total compensation which the Board believes is competitive with that paid by other companies of comparable size engaged in similar business in appropriate regions.
